Following, please find review comments for the third submittal of the Site Plan for the above project located on Broadway Street, dated 05/23/2017:

SOIL EROSION AND SEDIMENTATION CONTROL

1. Since silt fence will be installed around the perimeter of the site, remove note #10 from sheet 12.
2. If there will not be any footing drains required for the project, remove note #3 from sheet 10.
